## **RATIONALE FOR THE PROPOSED SALE**

10. The Proposed Sale is in the ordinary course of business of Dalvey Breeze Development. It is intended that the proceeds from the Proposed Sale will be deployed as follows:
  - 10.1. working capital of Dalvey Breeze Development; and
  - 10.2. dividends to Shareholders of Dalvey Breeze Development Pte. Ltd..

## **BASIS OF VALUATION**

11. The Company had commissioned an independent valuer, Savills Valuation and Professional Services (S) Pte. Ltd. to undertake an independent valuation of the Property for the purpose of the Proposed Sale.
12. Based on the Valuation Report dated 29 June 2022, the market valuation for each of the units was S\$6,300,000 (six million three hundred thousand) with an aggregate of S\$12,600,000 (twelve million six hundred thousand) for both units.
13. The basis of valuation and valuation rational are set out in pages 9 and 10 of the Valuation Report, with extractions in italics as follows:

*“In assessing the market value of the subject property, we have considered the Direct Comparison Method.”*

*“In this method, a comparison is made with recent sales of similar properties in the subject or comparable vicinities. Adjustments are made for differences in location, size, tenure, design and layout, standard of building services and facilities provided, age/condition, date of sale, etc., before arriving at the value of the subject property.”*

## **THE SALE AND PURCHASE AGREEMENT**

14. The Company contemplates the entry into the Sale and Purchase Agreement with the Purchasers for the purposes of the Proposed Sale after approval from Shareholders is obtained. Further announcement on the details of the Sale and Purchase Agreement would be made upon signing.

## **INTERESTED PERSON TRANSACTION**

15. The Proposed Sale will constitute an interested person transaction within the meaning of Chapter 9 of the Catalist Rules. Accordingly, the Proposed Sale is conditional upon the approval of independent Shareholders being obtained at the EGM.

16. Based on the information on the Vendor in paragraph 2 and the Purchasers in paragraph 3 of this announcement, the Purchasers constitute “interested persons” and the Vendor constitutes an “entity at risk”.
17. The Proposed Sale constitutes an “interested person transaction” within the meaning of Chapter 9 of the Catalist Rules. As stated in Paragraph 4, 100% of the consideration will be in cash. Based on Rule 909(1) of the Catalist Rules, the effective interest is 60% because the Company has 60% shareholding in the Vendor. Therefore, the value at risk of the transaction is 60%. Accordingly, the Proposed Sale is subject to Shareholders’ approval pursuant to Rule 906(1)(a) of the Catalist Rules as the value at risk of the transaction, being 60% of the Consideration of S\$11,666,760, payable in cash, represents approximately 6.2% of the Group’s latest NTA (excluding non-controlling interest) of S\$112,303,000 as at 31 March 2022.
18. Pursuant to Rule 921(4)(b)(ii) of the Catalist Rules, the opinion from an independent financial adviser is not required for the Proposed Sale as (i) the Consideration for the Proposed Sale is in cash; (ii) an independent professional valuation has been obtained for the Proposed Sale; and (iii) the valuation of the Property is disclosed in the EGM circular. Instead, an opinion from the Audit Committee in the form required in Rule 917(4)(a) of the Catalist Rules is disclosed in the Paragraph 24 below.

## CHAPTER 10 OF THE CATALIST RULES

19. Rule 1002 of the Catalist Rules provides that a transaction excludes acquisition or disposal which is, or in connection with, the ordinary course of its business or of a revenue nature. The Vendor is a real estate developer. The sale of the Property is in the ordinary course of business and is of a revenue nature for the Vendor. Therefore, the Proposed Sale should not be subject to Chapter 10 of the Catalist Rules.

For the purpose of adequate disclosure and to avoid misinterpretation by Shareholders, based on the assumption that Chapter 10 of the Catalist Rules are applicable, the Company would show the computation of relative figures and the classification of the Proposed Sale under Rule 1006 of Catalist Rules below.

20. The relative figures computed on the bases pursuant to Rule 1006 (a) to (e) of the Catalist Rules concerning the Proposed Sale, based on the Group’s latest announced consolidated financial statements for FY2022, are set out as follows: -

Rule	Bases	Relative figures in relation to the Proposed Sale
1006(a)	The net asset value of the assets to be disposed of, compared with the group’s net asset value	9% <sup>(1)</sup>
1006(b)	The net profits attributable to the assets acquired or disposed of, compared with the group’s net profits	(16%) <sup>(2)</sup>
1006(c)	The aggregate value of the consideration given or received, compared with the issuer’s market capitalisation based on the total number of issued shares excluding treasury shares	15% <sup>(3)</sup>
1006(d)	The number of equity securities issued by the issuer as consideration for an acquisition, compared with the number of equity securities previously in issue	Not applicable
1006(e)	The aggregate volume or amount of proved and probable reserved to be disposed of, compared with the aggregate of the Group’s proved and probable reserves	Not applicable

**Notes: -**

- (1) Determined based on the net asset value of the Property of S\$9,785,000 and the Group's net asset value of S\$112,029,000 as per the latest announced consolidated financial statements of the Group for FY2022.
- (2) Determined based on net profits attributable to/gain on disposal of the Property of S\$1,881,760 and the Group's net loss of S\$11,575,000 as per the latest announced consolidated financial statements of the Group for FY2022.
- (3) The consideration is S\$11,666,760. The market capitalisation of the Group is S\$77,557,000 as determined by multiplying the total number of Shares of 1,107,962,214 in issue by the volume-weighted average price of Shares of S\$0.070 as at 23 August 2022 being the market day on which the Shares were transacted preceding the LPD, assuming that the Sale and Purchase Agreement was signed on LPD.

21. Having regard to the above, as the relative values computed based on Rule 1006(a) to (c) of the Catalist Rules exceed 5%, but does not exceed 50%, the Proposed Sale is deemed to be a discloseable transaction under Rule 1010 of the Catalist Rules. However, the relative figure in Rule 1006(b) above is negative. Under Rule 1007(1) of the Catalist Rules, if any of the relative figures computed pursuant to Rule 1006 of the Catalist Rules involves a negative figure, Chapter 10 of the Catalist Rules may still be applicable to the transaction in accordance with the applicable circumstances in Practice Note 10A of the Catalist Rules. Under paragraph 4.4(d) of Practice Note 10A, an issuer must immediately announce the information required in Rule 1010, Rule 1011, Rule 1012 and Rule 1013 of the Catalist Rules in relation to the disposal of a profitable asset by a loss-making issuer, where:

- (i) the absolute relative figure computed on the basis of each of Rule 1006(a), Rule 1006(c) and (if applicable) Rule 1006(e) does not exceed 50%; and
- (ii) the net profit attributable to the asset to be disposed of and, if the disposal will result in a loss on disposal, the sum of such net profit and the loss on disposal, exceeds 5% but does not exceed 10% of the consolidated net loss of the issuer (in each case taking into account only the absolute value).

If the transaction does not fall within all the situations in paragraph 4.4(d), Rule 1014 of the Catalist Rules shall apply to the transaction. Under Rule 1014 of the Catalist Rules, where, in respect of a disposal, any of the relative figures as computed on the bases set out in Rule 1006 exceed 50%, the transaction is classified as a major transaction and must be made conditional upon approval by shareholders in general meeting.

As the relative figure in Rule 1006(b) is more than 10%, the exemption under paragraph 4.4(d) of Practice Note 10A will not apply. As such, the Company would normally be required to seek shareholders' approval in a general meeting. However, as all the relative figures computed on the bases set out in Rules 1006(a), (b) and (c) do not exceed 50%, the Proposed Sale would not be classified as a major transaction and would therefore not be conditional upon approval from Shareholders. Notwithstanding the aforesaid, as the Proposed Sale constitutes an "interested person transaction" under Chapter 9 of the Catalist Rules which value exceeds the relevant thresholds under Chapter 9 of the Catalist Rules, the Proposed Sale will be subject to the specific approval of shareholders.

The Company will make the announcement when the Sale and Purchase Agreement is signed after approval from Shareholders for the Proposed Sale is obtained at the EGM.
